British Computer Society Bedford Branch

Webmaster activities 2015-2016

- Added details of future events to the banch website as details become finalised.

- Updated details of members on Committee page as needed.

- Added descriptions of old events from 2002 to 2008 to website.

- Added a page for the school challenge competition.

- Added a test page to test feasibility of providing audio recordings of events etc.

- Worked with BCS HQ to use a shorter URL for the branch website (http://beds.bcs.org instead of http://www.beds.bcs.org.uk).

- Changed the committee page from mostly static HTML to a more data-driven arrangement to simplify maintenance of the list of committee members.
